EXPERIENCE & LEADERSHIP

Front End Developer • Lifeblue

Feb 2021 - Present

I develop intuitive, user-focused experiences . I embrace cross-team-collaboration to create the best possible product for our users and clients alike. I embrace wearing many hats and always challenge myself to learn best practices whether that is in code organization, implementation, accessibility, or beyond. I work with many front end frameworks including HTML5, LESS, SCSS, JavaScript and PHP.

UX Design & Research • Tech4Good Lab

Jan 2020 - Jan 2021

As a designer, I wireframed, prototyped, and designed a scheduling app for our research lab. Primarily using Figma. As a researcher I conducted user and market research, ran usability tests, and qualitatively analyzed user experience data. I have experience with survey design and user interviews both remote and in person. I also co-wrote a research paper alongside my lab mentors.

Educator • Punahou School

June 2016 - Aug 2018

I created lesson plans and co-taught classrooms of ~25 high school students during winter and summer breaks from College. Courses included an Intro to Feminisms course (grades 9-12) and Intro to Social Sciences (grade 9).

Photographer • Freelance

December 2016 - Present

Photography is a love turned side hustle. Some of my publishers and collaborators include Vogue, Rookie Mag, Hara the Label, Jonesy NY, and Mejuri.
